Waste Oil Collection Contract

This agreement will serve as a contract between Wholesome Foods, Inc. (in conjunction with Wholesome Energy, LLC) and the below named customer to provide cooking oil for restaurant use as well as to cleanly, safely, and efficiently remove waste oil from the restaurant.

Wholesome Foods will perform the following services:

- Provide cooking oil to customer specifications at competitive prices.
- Provide sealable containers that customers will use to fill with used cooking oil.
- Remove waste oil and replenish fresh oil supply on an agreed upon and timely manner.
- Oil pick up will be a minimum of 8/5 gallon containers unless minimum purchase requirements are met.

The customer hereby agrees to the following:

- Have the option to purchase all of the cooking oil used in their restaurant from Wholesome Foods, Inc.
- Strain waste oil and dispense into the provided steel returnable containers.
- Place covers on containers and properly seal.
- Place filled containers in a designated area inside of the building to avoid theft.

Waste oil will be picked up from customer's location at no charge. Returnable containers will be provided for customer use for storing of waste cooking oil. Customer will be responsible for the returnable containers and will be billed \$20.00 for any container that becomes missing from the customer's location.

This contract will remain in force unless terminated by mutual agreement of both parties.
